ABOUT ME

Second-year student pursuing a Bachelor Universitaire de Technologie (B.U.T.) in Networks and Telecommunications. I am currently looking for a work-study placement (apprenticeship) starting in September 2026 for my third and final year.

PROFESSIONAL EXPERIENCE

- **University Projects** 2024
 - **Integrative Project:** Implemented first-year network knowledge using physical hardware (1 switch, 1 router, 3 PCs) to configure a local area network (LAN). Set up the core infrastructure for a website (DNS, SQL database, firewall) and configured a VoIP telephony system.
 - **Network Emulation & Routing:** Designed and configured networks using EVE-NG to emulate a LAN; implemented VLANs, ensured global connectivity, and deployed a DHCP server for dynamic IP addressing.
 - **PowerShell UI Development:** Developed a Python-based graphical interface allowing users to select local files and folders, view their sizes, and securely delete selected items.
- **Technical Intern** 2026
Resetel (Alsatian Telecom Operator)
 - Focused on network maintenance, user support, and providing technical assistance to local businesses.

EDUCATION

- UNIVERSITÉ DE HAUTE-ALSACE** 2024-2027
 - Networks and Telecommunications
- LYCÉE BLAISE PASCAL** 2021-2024
 - Baccalauréat technologique
